6/25/26 meeting minutes were approved

Town Board Report (Ms Bassler)

Housing Action Plan grant: a steering committee is needed to implement the grant. Members of various town committees will be asked to designate a representative to the steering committee.

Business

A representative and alternate to the Housing Action Plan steering committee were agreed upon. Laura Diffenderfer will be the representative and Sam Dederick will be the alternate rep.

Our November meeting will be November 19.

We discussed Goal 5 of the Comprehensive Plan

The HIstoric Preservation Committee addresses many of these recommendations. We reviewed the goal recommendations.

Recommendation 5.1: add to the existing language, “for example: the Augusta Savage property, the numerous one room school houses, cemeteries, stone houses, churches that have historical significance”

Add Recommendation 5.9 The town historian, the town historical society (the Kiersted House) and the library history room are wonderful resources documenting town history that could be shared more widely and public awareness increased.

Note that recommendation 5.4 refers to design guidelines that do not exist.

For next meeting: review our work on Goals 1-5. Consolidate the recommendations, and consider selecting some of the recommendations for committee actions.

Committee members should review other goals 6-15 for particular areas of interest.

Meeting adjourned at 8:30

Minutes respectfully submitted: Richard Azoff
