- Highway Dept looking for pt help

*Business*

1. The TB responded to last month's letter, stating that we should work on the sign law at the next (July) meeting.
2. There is no other pressing assignment from the TB presently. We discussed whether the issue of affordable housing would be a good one to take on. Susan suggested that we invite Susan Goldman from the Woodstock Affordable Housing Committee to speak with our group. This was agreed upon. Assuming we complete the sign law work at the July meeting, we can address this at the August meeting.
3. Meeting adjourned at 8:30 PM.

Minutes respectfully submitted: Richard Azoff
