Adriana had circulated a grant application for Pro Housing Communities. There is another grant that is being submitted - it appears Saugerties will receive that grant. Both grants have similar goals to promote affordable housing.

Reviewing the Comprehensive Plan, Leanne suggested an addition to Goal 3 (Implementation Strategies) to include exploration of a joint village/town highway garage.

The committee continued its review of the Comprehensive Plan:

Goal 4.1: We aren't sure if there is a "Master Recreation Plan" referenced in the Comp Plan, but we think it exists.

Goal 4.2: Keep this goal

Goal 4.3: Bristol Beach has been added.

Goal 4.4: There are parts of maps, but no master plan. It is a worthy goal.

Goal 4.5: Keep this goal

Goal 4.6: Suggest we remove goal

Goal 4.7: Suggest we remove goal

Goal 4.8; Suggest we remove goal

Goal 4.9: Keep goal

Goal 4.10 Suggest we remove goal

Goal 4.11: Amend goal to include: "...and provide information/maps to increase utilization of recreational areas"

Goal 4.12: Accomplished. Remove goal

Implementation Strategy: Recommend the creation of an oversight committee to move the above goals forward
